## SO HOW DOES IT WORK?

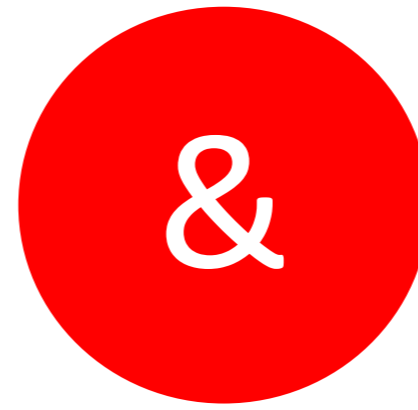

We recommend 2 – 3 Grazing dishes per person. They arrive gradually & randomly at the table with the idea of sharing. If you prefer to have your own individual dishes, please let us know & we'll deliver all guests a dish at the same time with a natural interval between each of your dishes. If you opt for one of our Grill's as a main course – a grazing dish or a nibbles is ideal as a starter.

## THE CHEF'S CHOICE

Leave it to the Chef to send a full selection of grazing to your table. The group will receive six courses of grazing to share. Usually this is a surprise however you are more than welcome to give us guidance if there is something you don't eat or would prefer not to have.  
.....**21.0 per person**
